

Qlik Gold Client for S/4 HANA 8.7.4 Upgrade Guide

This article is designed for existing customers upgrading their S/4 HANA landscape from Qlik Gold Client version 8.0.x through 8.7.x. If your current Gold Client version is prior to 8.0, please open a support case as additional steps are required.

First, create a Qlik ID for use on the download site and support portal. Go to <https://community.qlik.com/>. On the top right, click **Sign In**. If you already have a Qlik ID, simply log in. If you do not have a Qlik ID for this site, scroll to the bottom and click **Sign Up**. Enter your company email address and click **Get Started**. Complete the name and location information and click **Next**. Enter your job details and click **Next**. Retrieve the six-digit code sent to the provided email and enter into field **Verification Code**. Create a secure password and check the box to accept terms and conditions. Click **Start Using Qlik**.

Once registered and logged in, go to the Qlik Download Site found at <https://community.qlik.com/t5/Downloads/tkb-p/Downloads>. The path is on the Community is Support -> Product Downloads. Select the option for Data Integration and select Product **Qlik Gold Client for ERP**. Download the following file:

Qlik Gold Client for S4 HANA 8.7.4 Upgrade Files.zip

This set of transports are the main Gold Client S/4 HANA programs and are Client Independent. Import the following transports into your S/4 HANA landscape in the order listed below using the "Ignore Invalid Component Version" transport option and ONE AT A TIME:

1. GCSK900165 - Main Gold Client Component (Qlik Gold Client 8.7.4 S4 Upgrade.zip)
2. GCSK900166 - Language Translations (Qlik Gold Client 8.7.4 S4 Upgrade.zip)
3. GCSK900192 - Consolidated Patch (Qlik Gold Client 8.7.4 Patch.zip)
4. GCSK900186 – HR User Exit Patch (Qlik Gold Client 8.7.4 HR Patch.zip)

Gold Client 8.7.4 requires the user's S_TCODE access to include all /HTG/* transactions to accommodate the CALL TRANSACTION statements.

Refer to the [Gold Client Security Guide](#) for more information on Gold Client access.

Qlik recommends testing Gold Client functionality during the upgrade process, starting with a Sandbox or Development system. Refer to the [Gold Client Upgrade Testing Guide](#) for more information.

Please see the [Qlik Gold Client 8.7.4 Release Notes](#) for more information on this release.
